Call for Abstracts

Aerospace -taking us to new frontiers

Members of the international aerospace community are invited to submit abstracts for proposed papers and technical briefings that are consistent with the overall Congress theme and topic areas for the five component conferences.

If you wish to submit an abstract for consideration by the Program Committee, you must also intend to register for the Congress. On-line submission is the only method of receipt of abstracts.

Please visit the Congress website for online submissions.

Further information regarding the Call for Abstracts can be found on the Congress website including the topic areas for each event, alternatively you can contact the Congress Organisers by email aiac13@wsm.com.au or +61 3 9645 6311.
